Dear Sir or Madam:

We are pleased to inform that after evaluation of your subject application for pre-qualification, your Company has now been registered as an approved vendor for materials / services within your scope of supply. You have been assigned with internal Vendor code and you will be invited to participate in our future tenders. However for all quality sensitive and critical items you will be separately approved for individual items based on our standard procedure of samples evaluation.

Although we recognize that proprietors, dealers, authorized agents or distributors may hold exclusive legal rights ownership over established product lines, we do not encourage the involvement of intermediaries, agents or other third parties and prefer to deal directly with producers, manufacturers, suppliers and service providers. If you envisage the involvement of intermediaries in your trading with Alba you must declare explicitly stating the reason for such involvement and confirmation of their role, and provide the terms of agreement between them and their intermediaries as well as official documentation confirming their ownership structure. This information must be sent to Alba's Manager - Procurement & Warehousing following receipt of this letter.

Please note your vendor number in subject line, for all future references. You may also contact us with product updates, profile changes and other queries if any, through purchasing page on our website www.albasmelter.com or send by e-mail to update@alba.com.bh mentioning the vendor code.
